RANGERS VERSUS EAGLES

Pasadena has a total of thirteen lettermen returning from a three and seven 1986 season. There are five returning starters on offense and five on defense.

Pasadena's main strength is their offensive line. The best lineman is left guard John Cox, number seventy-seven (77), who is a two hundred sixty (260) pound senior. The best back is number thirty-four (34) Kacey Stevenson. He is a two-hundred pound senior who did not play against Texas City.

On defense, Pasadena plays a basic 59, but they have many variations of it. The defense will line up regular and shift at the line.

Overall, they are very physical and aggressive on defense.

To Beat Pasadena the Clements Rangers will:

1. Pursue and Tackle
2. Stop the quick pitch
3. Execute our defense that is called
4. Overcome mental fatigue
5. Have no mental mistakes
6. Give 110% on each play
